## **GreenTech Automotive Announces New Dealer in Southwest Florida**

(February 29, 2016) Tunica, Miss. -- GreenTech Automotive (GTA), a U.S. automotive manufacturer dedicated to developing and producing environmentally friendly, energy-efficient vehicles, today announced WBG Enterprises, LLC dba It-s as their dealer for the Southwest Florida region.

GTA manufactures the award-winning MyCar in Tunica, Mississippi. The GTA MyCar is a two-seat Low-Speed Electric Vehicle (LSEV) that produces zero emissions, provides segment leading driving range, and is recharged by a 110/220 Volt AC wall outlet or standard J1772 charging station. "We are pleased to become a dealer for GreenTech Automotive in Southwest Florida. Their vehicles will expand our product offerings to our customers while supporting our passion for alternative fueled vehicles." says dealer Bob Bachman Principal of It-s.

"Bob and Jeremy have a passion for cars and they especially like where the industry is heading with alternative fueled vehicles. This is the type of dealer we are partnering with. It-s specializes in niche markets—the same markets that GTA has designed our vehicles around. We're proud to have It-s as our dealer representing our products in Southwest Florida." said Dennis Carter, Sr. Director of Global Sales for GTA.

### **About GreenTech Automotive:**

GreenTech Automotive (GTA) is a U.S. based automotive manufacturer dedicated to developing and producing environmentallyfriendly, energy-efficient vehicles. GTA's core values encompass green technology, affordability and U.S. job creation.
